Stocking Austrian-made items by mainly small producers, here you'll find regional specialities – fine confectionery, local wine, schnapps and cognac, jams, jellies, chutneys, honey, vinegars and oils – that you can't find anywhere else in the capital. Be sure to check out its sparkling and still Schilcher wines made from Blauer Wildbacher grapes, an acidic but fruity off-pink-coloured tippel rarely found outside Austria. Most of it is manufactured by hand or, as the owner says, 'items Austrian grandmothers made through the ages'. Samples of many food items are available to taste.
